

Save on Commercial Condensing Tankless Water Heaters

Lower water heating costs by 15% or more*

With no tank, these units heat water quickly and can be easily installed—even in tight spaces. By upgrading to high-efficiency heating and hot water equipment, customers can also save on energy costs immediately. Products must have a minimum 92.9 percent thermal efficiency to be eligible.

Commercial sales of condensing tankless water heaters models from Rinnai logo and Bradford white logo. Visit your local DESCO branch for details

For more details on the program, contact Desco today. You can also go to enbridgegas.com/HVACdiscounts

* Source: energystar.gov/products/commercial_water_heaters. Enbridge Gas Inc. incentives are only available to commercial and industrial customers in its service territory in Ontario, including those formerly served by Union Gas Ltd. To receive any incentive, a completed proof of sale matched to the installation address must be provided by the participating distributor in accordance with applicable program requirements. Incentives are paid on a per unit basis unless otherwise indicated. Programs and incentives may be subject to change or cancellation without notice at any time. Enbridge Gas makes no representation, warranty or guarantee regarding the projected savings of any energy-efficiency measure or performance of installed equipment. Enbridge Gas reserves the right to independently verify application information and confirm installation. Additional terms and conditions may apply; please ask your Enbridge Gas representative.
